

A woman in a dark dress stands in a dark, circular opening, looking out onto a bright, cloudy sky. The scene is framed by a large, dark, textured wall.

MOVIE PROJECT

NILOOFAR SHARIATI

PROFESSOR MENGJIE DI

ADAM ET EVE

It was my 710's studio collection.. This project is related to the beginning of human creation and the story of Adam and Eve, how they were transferred to the universe.

My collection has a female and a male character in which they are fighting to support women's rights and fight for women to create equality with men in the world.

In this video, I want to portray this story that after the death of the soul of Adam and Eve, it is transferred to the parallel and digital world. Show the future and digital world with my collection and robotic characters

3D DESIGN

3D DESIGN

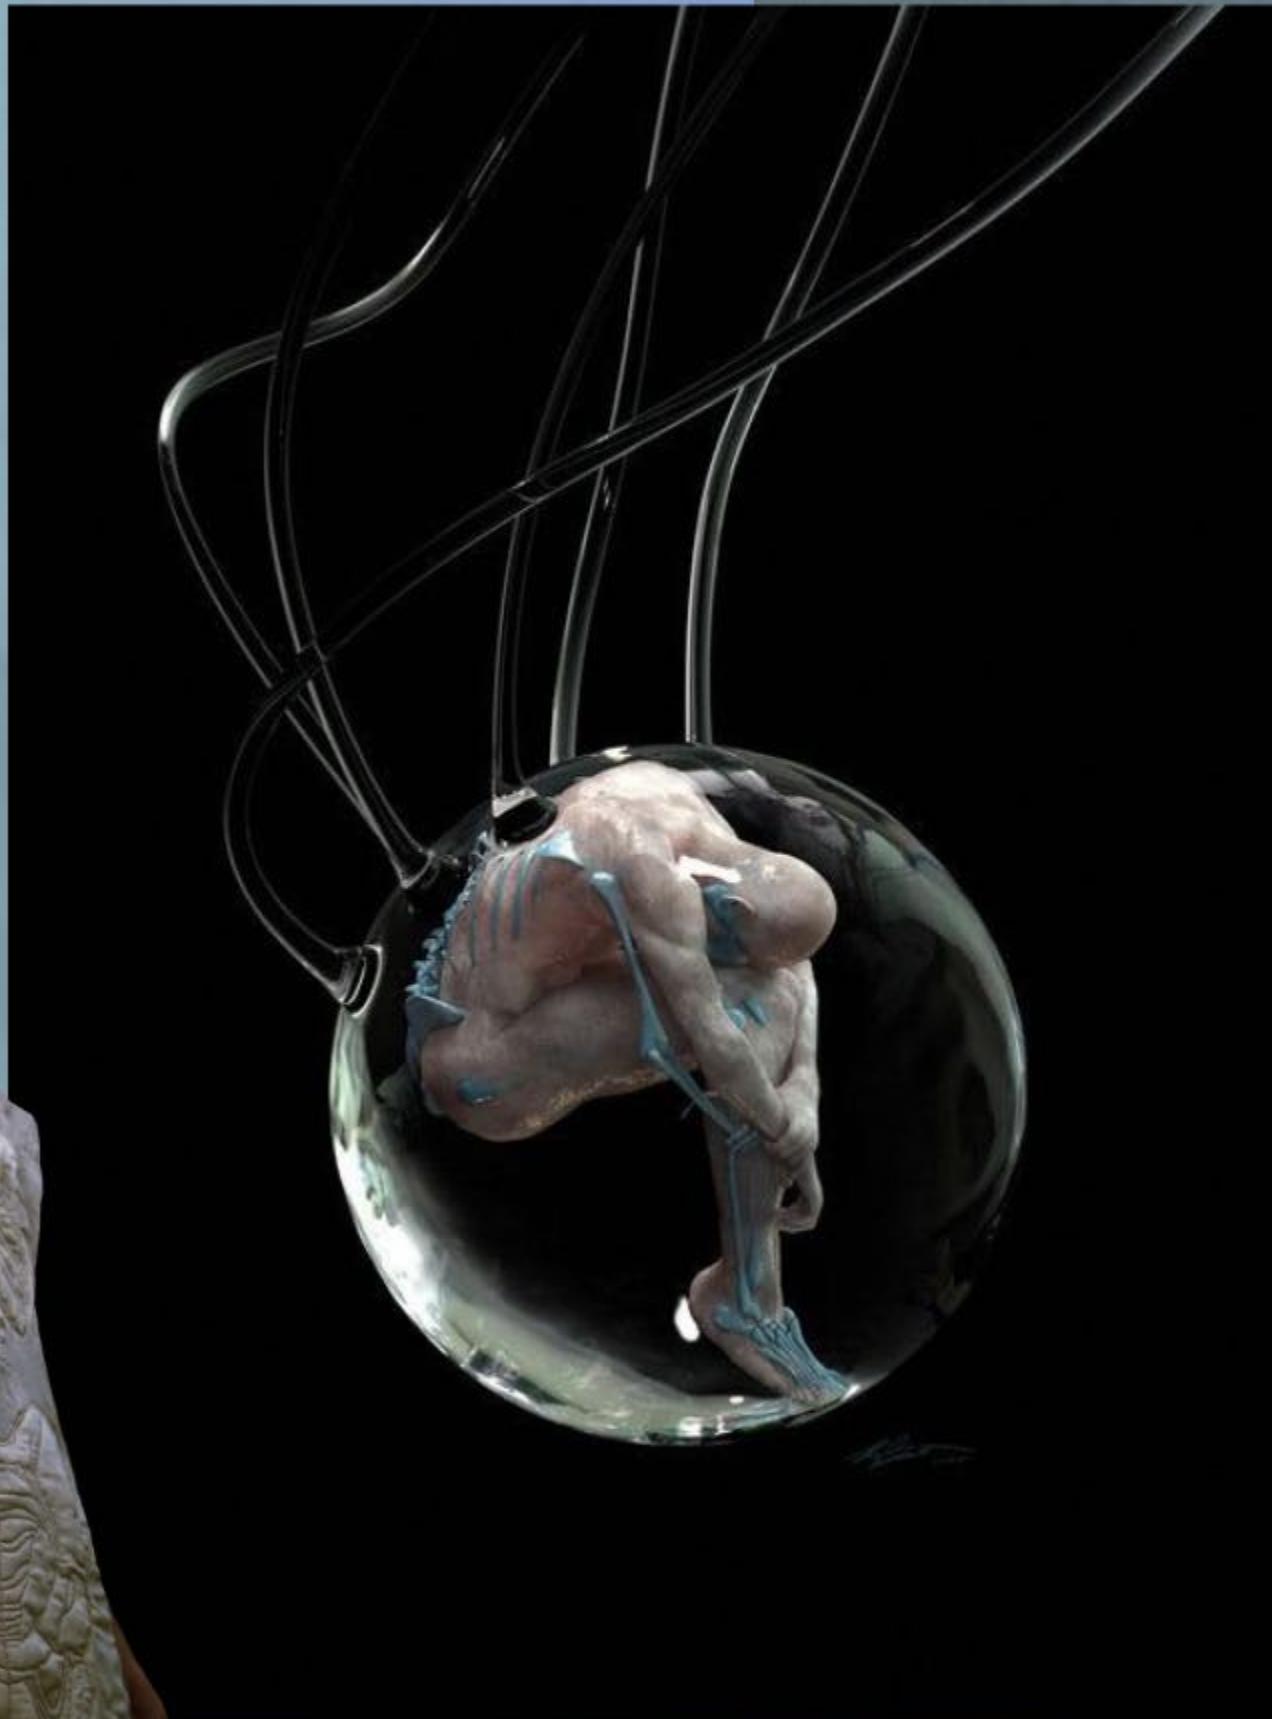

A dark, atmospheric scene featuring a bright, glowing central light source that emits radial rays of light. In the bottom left foreground, a dark silhouette of a person's head and shoulders is visible, looking towards the light. The background is dark and textured, with some faint, distant lights or structures visible.
